

Decision 06-08-002 August 10, 2006

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of Pacific Gas and Electric
Company for Authority to Increase Revenue
Requirements to Recover the Costs to Deploy
an Advanced Metering Infrastructure.

(U 39 E)

Application 05-06-028
(Filed June 16, 2005)

**ORDER CORRECTING CLERICAL OMISSION
IN DECISION 06-07-027**

It has come to the Commission's attention that Decision (D.) 06-07-027 inadvertently omitted a portion of Ordering Paragraph 2 which was correctly and completely published in the Administrative Law Judge's proposed decision for comment:

PG&E's electric and gas allocation proposals are approved. PG&E shall file an advice letter in compliance with this decision in not less than 15 days, or more than 30, to implement PG&E's rate proposals to collect the revenue requirement and modify its preliminary statements for the gas and electric departments establishing the gas and electric balancing accounts as adopted in this decision. The advice letter shall be effective upon its approval by the Commission's Energy Division.

The final decision incorrectly read, in part: "The advice letter shall be effective upon its approval by the Commission" thereby inadvertently omitting reference to the Energy Division's delegated authority.

Therefore, under the authority of Resolution A-4661, **IT IS ORDERED**
that:

1. Ordering Paragraph 2 is modified to read:

PG&E's electric and gas allocation proposals are approved. PG&E shall file an advice letter in compliance with this decision in not less than 15 days, or more than 30, to implement PG&E's rate proposals to collect the revenue requirement and modify its preliminary statements for the gas and electric departments establishing the gas and electric balancing accounts as adopted in this decision. The advice letter shall be effective upon its approval by the Commission's Energy Division.

2. Application 05-06-028 is closed.

This order is effective today.

Dated August 10, 2006, at San Francisco, California.
